

Cardinal Camp

Students currently in grades 3-5

June 3rd - June 28th

7:54 a.m. - 3:00 p.m.

Webb City Middle School

This year's summer school program will allow our students to explore a variety of topics while practicing, maintaining and enriching our school district's learning standards. The classes will focus on reading, math, science and social studies. Classes will also be offered in music, physical education, computer and swimming. We will also continue the tradition of weekly field trips or special on-site activities.

Weekly drawings will be held for students with perfect attendance. We will also have drawings at the end of the summer school session for students that have perfect attendance throughout the program.

Our summer school teachers have developed great activities that will be fun and entertaining as well as educational. Our program provides a hands-on approach to learning.

We look forward to sharing this great time with your child. If you have any questions regarding summer school at Webb City Middle School, please feel free to contact Jan Shelley at 673-6050.

Come join the fun!
